Administrative Rule: Pre-Employment Physical

Date: May 15, 2015

Written By: Jim Jones

The District has contracted with Pine Grove Medical Clinic to provide pre-employment physicals at a reduced price. Beginning immediately, the District will pay the expense for a pre-employment work physical if that physical is completed at Pine Grove Medical Clinic.

An employee may still choose to have his or her physical completed with a doctor of his or her choice outside of Pine Grove Medical Clinic. Please note that while that option exists, the District will not reimburse any of those expenses.

Please be sure to advise your new hires accordingly.
