

August 7, 2018

Jim Jones
Stanley-Boyd Area School District
507 East 1st Avenue
Stanley, WI 54768-1279

Dear Jim Jones:

Congratulations! This letter serves as notification that your school district will be receiving Career and Technical Education (CTE) Incentive Grant funding from your application claim submitted by September 30, 2017.

This state grant awards funds of up to \$1,000 per student to school districts for class of 2017 high school graduates who have also earned industry-recognized certifications. This appropriation incentivizes school districts to support CTE programming which result in students earning industry-recognized certifications. The list of eligible certifications were selected to mitigate workforce shortages in industries or occupations identified in consultation with the Department of Workforce Development (DWD) and the Wisconsin Technical College System (WTCS).

School districts claimed funds for reimbursement based on the students who met the following eligibility criteria:

- Certifications earned were on the Approved Certifications List.
- Students graduated with a regular high school diploma or a technical education high school diploma in 2017.

Your District's Claims:

- School District claimed 4 students for funding.
- 0 students were found to be ineligible.
- Your Total Check Amount is \$2,533.94

Certification claims found to be ineligible, included one or more of the following reasons:

- The student earned more than one approved certificate.
- The student was a freshman, sophomore, or junior, and did not graduate in 2017.
- The student was a senior and did not graduate in 2017.
- The student did not graduate from a public high school.
- The certificate claimed was not found on the Approved 2017 Certifications List.
- Verification checks by DPI, DWD, and WTCS revealed that the student did not actually earn/pass/complete the certificate or the school did not provide the required documentation.

The funding is limited to \$1,000 per pupil regardless of the number of certifications the student earned on the approved list. DPI prorated the total allocation of \$3.5 million across the eligible claims, resulting in \$633.48 per student claim. These funds are currently being transferred to each applicant's school district electronically.

Jim Jones

8/3/18

The correct codes for federal aids electronic disbursement were:

- Fund 10
- Source 630
- Project 577 (optional)
- Appn 232
- CFDA 255.950

Please note the CTE Incentive Grants are not considered cost reimbursement grants. Accordingly, the project code assigned to the funds is optional. Furthermore, funds do not need to be expended by the end of the fiscal year, June 30, 2018, nor claims submitted for expenditures to DPI.

Applications for class of 2018 graduate claims are now available and due to DPI on September 28, 2018. Please see our webpage at <http://dpi.wi.gov/cte/technical-incentive> for more information.

Sincerely,

Tony Evers, PhD
State Superintendent
