

Extra-Curricular Program

April 25, 2022

SL14 Extra-Curricular Program

Whereas the Board expects the district extra-curricular and athletic programs to enrich learning and to foster emotional, intellectual and physical growth for all students;

The Superintendent may not:

1. Fail to ensure that the program avoids gender, ethnic, socioeconomic and cultural bias.
** We charge no fees and encourage all students to participate.*
2. Fail to ensure that all programs are regularly evaluated and modified as necessary to assure their continuing effectiveness.
** We continually review effectiveness and offerings with the appropriate administration and Athletic Director.*
3. Fail to ensure that students are informed of the opportunities available to them and are encouraged to participate.
** Activities are promoted in the building and through social media.*
4. Fail to ensure that all coaches, advisors, and volunteers are qualified and trained for the duties assigned to them.
** Background checks are done before hiring, professional development is encouraged and in some situations required.*
5. Fail to ensure that all staff members are evaluated in terms of their performance and responsibilities to programs assigned to them.
** Staff members are evaluated annually or as needed.*
6. Fail to ensure that the district is protected from liabilities from such activities.
** Procedures and rules are in place and enforced to help protect the district.*
7. Add or eliminate an extra-curricular program without Board approval.
** Nothing has changed without Board approval.*
