

Proposal for an Esports Club (Non-school sponsored)

Grades 9-12

I propose we join “PlayVS” for free, hold scrimmages and practices, and later decide if our school would make a bigger commitment to Esports.

PlayVs is the largest high school Esports league in the country. They facilitate competitions and regulate play.

Rationale:

- Esports have become well known and commonplace in high schools and colleges.
 - Esports are regulated and policies are in place by the leagues that ensure safe, inviting, and competitive gameplay.
 - Esports allow players to be involved and get many of the benefits of traditional sports.
 - Esports have been found to be popular among many students that otherwise would not engage in organized school sports or activities.
-

School Involvement:

- As a non-school sponsored club there would be no organized meetings during school hours.
 - The school will not purchase the games or gaming systems. Students can bring their own devices or use the PC computers in the computer lab. Wifi or blocked-list access may need to be granted.
 - The club advisor (or multiple) would be unpaid.
 - The school would provide meeting space in the CMR, IMC, or a classroom with PC computers.
 - The club could make announcements during school.
 - The club could place posters on the club/organizations bulletin board.
 - Club members would be held to the same expectations of participation laid out in the Athletic Code and Privilege Card System.
-

Expectations of Club Leader

- Recruit players and advertise meetings
- Supervise meetings
- Assist students in running their games
- Resolve conflicts between students

Cost of PlayVs league involvement:
Propose Fall 2023 to be free.
Reevaluate for Spring 2024 to stay free or consider paid plan.

The screenshot shows the PlayVs website's pricing page. The navigation bar includes the PlayVs logo and links for High School, Youth Program, About Us, Esports 101, and Local Esports. There are also links for Log In and Sign Up. The main content area features three pricing cards against a dark background with esports-related icons.

Plan Name	Price	Key Features	Call to Action
