

MUSIC AT EVENTS

At the August, 2016 regular school board meeting, a discussion was held regarding the playing of offensive music at school or at school events. As a result of that discussion, the following expectation begins immediately.

Inappropriate music cannot be played at Stanley-Boyd Area School or its events. In order to assure that offensive music is not played, the following rules will be adhered to:

1. No student will connect his or her device to a District sound system.
2. No student shall play any song that has not been pre-approved by the adult in charge of the event.
3. No "offensive" music shall be played during school events. This to include sexual references or innuendo, references to extreme violence, drugs or drug usage, and or swear words.

Appropriate music can enhance the atmosphere and overall experience of school events. To ensure a positive and engaging environment for all participants, music selections should reflect good judgment and align with district expectations for respectful and appropriate content. All music played at school events must be pre-approved by the adult in charge to ensure balance, suitability, and consistency with district standards.

Music selections must be appropriate for a school setting and free from content containing explicit language, sexual references or innuendo, depictions of extreme violence, or references to drug or alcohol use.

Approved: August 23, 2016

Revised: January 28, 2019 December 22, 2025
