Drill Remarks:

On Monday, November 24, the Boyd ELC building practiced an all-school lockdown. Before practicing the drill, a brief description of why we practiced the drill was read to the staff and students before the drill took place. The announcement also provided staff and students with information to use and practice during the drill and in case they weren't in their classroom during the start of the drill.

As for the drill, the staff and students followed the plan's expectations and routines. During the drill, the entire building was checked to see if it was secured by Mrs. Wozniak. Students remained quiet and out of sight in the hall and classroom.
