

Safety Drill Evaluation

School Name: Stanley-Boyd Elementary

Time of Drill: 1:35 pm

Fire Department Invited (Yes/No): Yes-via Chief Weiland

Police Department Invited (Yes/N.): Yes, but unable to attend

Number of Students: 384

Number of Adults: 57

Drill Type: Lockdown

Evacuation Time: N/A

Drill Remarks:

Today we practiced an all school lockdown with our students and faculty. Before practicing the drill, an administrator gave a brief description that we will practice the drill, but also included why we practice. The announcement also provided staff and students with information to use and practice during the drill if they are in the classroom, hallway or bathroom. Stanley Police Chief Lance Weiland and the Fire Chief were invited, but were not present for the drill.

The drill began at 1:35 pm and then was canceled at 1:42 pm by Greg Burzynski after the administration and the police officers completed checking if doors in the building were secured. The elementary school office was required to practice closing the hallway doors via the lockdown system after the announcement was made to go into lockdown. Mrs. Hause was able to find the app and release the doors to be locked throughout the school. The emergency doors functioned properly.

Overall, the elementary staff and students did a good job. During the drill, I walked around and checked that the building was secured, and made sure all classroom doors were locked. All elementary doors were locked, students and staff were quiet and not visible.
