

RESOLUTION

A RESOLUTION APPROVING A NATURAL HAZARD MITIGATION PLAN FOR THE NEW STANLEY-BOYD SCHOOL DISTRICT

WHEREAS, hazard mitigation planning is the process of developing a set of actions designed to reduce or eliminate long-term risk to people, businesses, infrastructure, and property from hazards and their effects; and,

WHEREAS, Chippewa County has updated and prepared the *Chippewa County Natural Hazard Mitigation Plan, 2026-2031* (hereafter “the Plan”) to assess the magnitude of hazard risks and develop strategies for minimizing or reducing these risks; and,

WHEREAS, the Stanley-Boyd School District recognizes the threat that natural hazards pose to people and property and actively participated in the Plan update process through communication with School District staff as well as through a capacity assessment survey and the review of draft plan materials; and,

WHEREAS, the Plan will be reviewed by Wisconsin Emergency Management as meeting the requirements of the Federal Disaster Mitigation Act of 2000 and applicable Code of Federal Regulations, including FEMA Local Hazard Mitigation Plan Guidance, effective April 2023; and,

WHEREAS, adoption of the Plan by the School District will meet prerequisite requirements that enable the Stanley-Boyd School District to apply for FEMA grant dollars for hazard mitigation projects;

NOW, THEREFORE BE IT RESOLVED, the Stanley-Boyd School District Board adopts the *Chippewa County Natural Hazard Mitigation Plan, 2026-2031* with the intent of implementing the Plan recommendations and advancing the Plan goals as funding and resources allow. While Plan content related to Chippewa County and the Stanley-Boyd School District may require revisions to meet the plan approval requirements, changes occurring after adoption will not require the School District to re-adopt any further iterations of the Plan. Subsequent plan updates following the approval period for this Plan will require separate adoption resolutions.

Adopted,

Board President
