

**Stanley-Boyd Area School District
Professional Development Plan for 2013-2014**

The Stanley-Boyd Area School District is committed to providing high quality professional development that:

- Is based on the analysis of needs assessment data
- Is aligned with state and federal goals
- Provides sufficient time and support for teachers to implement research-based activities

The district developed the professional development plan through a strategic planning process and Title I School-wide planning at the elementary and middle school level.

The Stanley-Boyd Area School District will provide ongoing, systematic support to assist teachers to:

1. Implement the state standards in each core area: English Language Arts, Mathematics
2. Review the First Generation Science Standards and plan for curriculum
3. Implement a balanced assessment system
4. Implement research-based instructional strategies
5. Utilize Professional Learning Communities (PLCs) to implement an effective Rtl system
